Proudly Supporting the Armed Forces Covenant.

In 2020 we signed the Armed Forces Covenant. The Armed Forces Covenant is a promise by the nation that those who serve or have served in the Armed Forces and their families should be treated fairly and should not face disadvantages when seeking employment in the UK. We are proud to support reservists and employ ex forces at Pantera. We have been recognised for our efforts and have received a silver award in 2021 and will continue to strive to support the AFC.

Our Charity.

We have always supported charities and raising money for charity is close to our chairman's heart, he founded the "Housebuilder Brain Game" raising hundreds of thousands each year.

Pantera supports Marie Curie and the Royal British Legion with annual events and we are always supporting our clients in their charitable activities.

A photograph of Paul Healey, Chairman, speaking at a podium. He is wearing a dark suit, a white shirt, a blue and white striped bow tie, and glasses. He has a yellow flower pinned to his lapel. The podium is white and blue. In the background, there is a screen with some text, including "New Company".

A photograph of a green door set in a brick wall. The door has the number 40 on it. The entire scene is covered in a thick, brown, dripping substance that looks like melted chocolate or a similar material, hanging from the top and sides of the door and wall.

"Melting House" charity project - Laing O'Rourke

One of our most interesting charity ventures was for Laing O'Rourke supporting the Southwark Council in an abstract art installation to raise awareness of art and architecture in the context of our built environment.

**WE BELIEVE
EVERYONE IS

SAME.**
